Performed with enormous puppets on a full-scale theatrical set. The "heart" and focus of *Carnival of the Animals* are the musical segments that make up Camille Saint-Saëns' playful masterpiece. The charming, oversized puppets, props and scenery, all enhanced by special lighting effects, provide a spectacular visual interpretation of Saint-Saëns' most enduring and endearing work.

Free admission and bus transportation funding for Title I Schools – first come, first served. Call for more details.
